M167 is an easy to apply liquid that restores and enhances the appearance of dashboards, trims and bumpers leaving a non-greasy, deep black finish.

## FEATURES

**OUTSTANDING RESULTS** extensively tested against similar products to ensure superior performance

**NO RESIDUE** easy to work in to surface and does not leave any residue or streaks

**CONCENTRATED LIQUID** only need to apply a small amount for desired result

**SCENTED** adds a fresh clean smell to the interior to complete the effect.

## DIRECTIONS

1. Ensure surface is clean and free from dust.
2. Apply either through a trigger sprayer or put a small amount directly onto a cloth.
3. Use cloth to rub the product in to the surface
