MSH Chemical Manufacturing Limited  
Shaw Road  
Dudley  
DY2 8TP  
England

A mild, yet extremely powerful, solvent free, liquid hand soap capable of removing the heaviest of oil and grime. Dilutable for use in lighter duty situations or for use in dispensers.

### FEATURES

**LANOLIN** Contains lanolin derivatives and coconut oil soaps together with non-ionic surfactants for maximum cleaning ability whilst not drying the skin.

**SOLVENT FREE** Contains no natural or synthetic solvents.

**ECONOMICAL** Requires the use of remarkably little soap to achieve excellent results.

### DIRECTIONS

Apply to either dry or wet hands and rub gently to emulsify any oils and grease contamination on the skin. Rinse off under the tap.
