A powerful multipurpose concentrate containing a powerful quaternary ammonium biocide. It is suitable for general cleaning and grease removal on hard surfaces in areas where a high level of general protection from cross infection is needed.

FEATURES

POWERFUL Quaternary biocides provide effectiveness against a broad spectrum of organisms.

CLEANING STRENGTH A blend of detergents and non-ionic surfactants to be effective on most forms of soiling.

EFFICACY For cleaning and disinfection it can be diluted up to 100:1 conforming to the requirements of BS EN1276:2009, EN1650 and BS EN 13697:2001

APPLICATION

Ideal for general use in medical institutions, public washrooms, sports facilities, food processing plants and kitchens. Effective in hard and soft water areas.

DIRECTIONS

For sanitising dilute up to 100:1 with water. Allow the surface to remain wet for 5mins.
